BOND ISSUE SOLD

TO FARMERS TRUST CO. FOR CHICAGO COMPANY.

GOOD PRICE RECEIVED

To Bear 5 Per Cent, $50,000 Par Value Plus $61—Many Other Bidders—Work to Start in April.

The $50,000 good road bond issue of Polk township was sold late yesterday afternoon by the county court to the Farmers' Trust company of this city, who was bidding for the Central Trust company of Chicago, Ill. The bonds are to bear 5 per cent interest and the company is to pay $50,000 par value plus $61 premium and accrued interest on the bonds from the date of issue, March 1, 1914, to date of delivery, one-half of said issue to be delivered and paid for on March 1, 1914, and the balance, or remaining $25,000, to be delivered and paid for on July 1, 1914. The bid was accepted, subject to the right of the Trust company to reject the bonds in case that the attorney selected by them should, upon examination, find and report that the issue was for any reason not legal and therefore void. The certified check of the successful bidder for $5,000 will be held until such time as full payment for the bonds has been received.

There were many other bidders, as follows:

W. R. Compton Co., St. Louis, bid was 5½ per cent interest per annum, payable semi-annually and to pay the par value of $50,000, together with a premium of $137.50 and accrued interest of bonds. Their second proposition was at the rate of 6 per cent per annum and $50,000 par value, $925 premium and accrued interest.

Commerce Trust company of Kansas City agreed to take the issue at the rate of 5 per cent and pay therefor $50,000 par value less commission, $990, and also accrued interest. Second proposition was to take the issue at 5½ per cent interest and pay therefor $50,000 par value and $125 premium with accrued interest. Their third proposition was for 6 per cent interest and to pay par value of $50,000 with $815 premium and accrued interest, with the additional condition that all of the issue be delivered on March 1.

The Fidelity Trust company of St. Louis agreed to take the issue at the rate of 5 per cent per annum and pay therefor $50,000 par value, less commission of $750.50, plus accrued interest. Second proposition was for 5½ per cent and to pay therefor $50,000 par value and accrued interest. Third proposition was 6 per cent interest and pay therefor $50,000 par value plus $700, premium and accrued interest.

H. C. Speer & Sons company, Chicago, agreed to take the issue at 5 per cent and pay therefor $50,000 par value less $950 commission, plus accrued interest. Second proposition was at the rate of 5½ per cent and $50,000 par value with accrued interest. Third proposition was at the rate of 6 per cent and to pay therefor $50,000 par value plus $505 premium and accrued interest.

The Security Savings Bank and Trust company, Toledo, O., agreed to take the issue at 6 per cent and to pay therefor $50,000 par value plus $305 premium and accrued interest on bonds.

Mercantile Trust company, St. Louis, agreed to take the issue at 5 per cent interest and pay therefor $50,000 par value and accrued interest.

The Farmers Trust company for the Central Trust company, agreed to take the issue at the rate of 5 per cent and pay therefor $50,000 par value plus $61 premium and accrued interest. Second proposition was at the rate of 5 per cent and pay therefor $50,000 par value and $311 premium and accrued interest, with the additional condition that none of said bonds be optional payment bonds.

The court, after meeting in executive session, voted to accept the bid of W. R. Compton company of St. Louis. The representative of the company was called in and there arose some difference between the representative and the court as to the meaning of the terms of his bid, and the representative finally refused to enter into a contract for the purchase of the bonds at the terms of his bid as construed by the court. The court then by unanimous vote rescinded their former action and gave the issue to the Farmers Trust company of Maryville, bidding for the Central Trust company of Chicago.

It was also ordered by the court that on the delivery of the bonds and payment therefor the money derived from the sale be turned over to the trustee of Polk township and be disbursed by him only upon the order of the county court, as by law provided. Before the money is turned over to the trustee he shall deposit with the court a good and sufficient bond in the sum of $100,000.

The road work in Polk township will commence about April 1. A survey and inspection trip has been made of the township and a blue print made of the roads and bridges and their condition.

New Regulations to Cover Money Order Law.

The signing of the bill by President Wilson made effective the new law regulating the payment of money orders February 7. Just how soon the change in the regulation will be made operative is yet to be determined.

The operation of the new statute will not take place until the rules and regulations for its operation are promulgated by the postmaster general. This probably will require several months. Immediately following the signing of the bill, Postmaster General Burleson appointed a committee of postal officials to prepare rules and regulations to carry the law into effect.

The bill provides for the issuance of postal money orders payable at any money order office, even though drawn on a specified office, and will, according to the postmaster general, greatly increase the volume of postal money order business and prove a great help to the business public, giving as it does to the postal money order the virtues and conveniences of a bank draft.

Figures made public by the postmaster general show that in the last fiscal year nearly 91,000,000 domestic money orders were issued, amounting to almost $625,090,000. The net income of money orders issued was more than $5,000,000.

STATE COMMERCIAL CLUBS.

All Commercial Clubs Are Asked to Make February 24 "Commercial Club Night."

The executive committee of the Missouri Federation of Commercial clubs, composed of Wm. Hirth of Columbia, A. M. Lindsey of Clinton and A. W. Douglass of St. Louis, in session in Columbia last week, named Tuesday and Wednesday, March 10 and 11, as the dates of the annual state convention of the commercial clubs of the state, the meeting to be held in Jefferson City. At a recent meeting of the executive committee in St. Louis it was decided to name Tuesday, February 24, as "Commercial Club Night" throughout Missouri. The executive committee asks that every town in Missouri which has a commercial club at once to call the members together and begin planning for the occasion at once. Those towns which have no commercial organizations are urged to get together and organize one at once.

The commercial clubs of the state at the meeting on February 24 are urged to appoint representatives to attend the annual meeting of the federation of commercial clubs at Jefferson City on the dates above mentioned. The federation is planning big things for Missouri and no town with progressive ideas can afford not to send representatives—the more the better. The complete plans of the state convention have been mapped out and will be sent to all the commercial organizations in the state.

The Knights of Pythias will celebrate their golden jubilee—the fiftieth anniversary of the founding of the order—on Thursday evening, Feb. 19. All K. P's and their ladies are urgently requested to attend.

Mrs. W. S. Rowlett of Graham is the guest of Mrs. G. B. Holmes and Mrs. J. F. Montgomery a few days.

John Stark of East First street has been confined to the house for two or three weeks with the grip, but is some better.

REVIVAL SERVICES

NOW BEING HELD AT THE FIRST BAPTIST CHURCH.

PREACHING BY DR. HALE

Of Hannibal, Brother of the Pastor—The Singing is in Charge of Rev. J. O. Henry of Trenton.

The revival services at the First Baptist church Monday night were remarkably well attended for a Monday night meeting. The auditorium was two-thirds full and the sermon and song service of last night insures a much larger audience for Tuesday night.

Rev. George L. Hale of Hannibal, brother of the pastor, Rev. Louis Hale, bears no resemblance to his brother, but as neither one suffers because of the difference in personal appearance, and as both are fine preachers they are entirely satisfactory. Rev. Hale from Hannibal has kindness and tenderness in his voice and manner, that engages attention at once, and he speaks with authority as a minister and there is no getting around the truth he presents from God's word.

The song service began at 7:30 o'clock and was led by Rev. J. O. Henry, pastor of the First Baptist church of Trenton, Mo. Rev. Henry is doubly equipped as a minister. He is an exceptional singer and choir leader. His voice is immensely big, round and deep and musical in tone, and there seems no limit to the power, range and compass of it. His leadership is inspiring, and if you never sang in your life, you will make an effort to sing if you go to the meetings. One thought of him as equal to directing grand opera singing and other great music Monday night as he directed this important part of the service. This may sound exaggerated. It is not. Go and hear for yourself.

The three ministers engaged in this meeting are old friends and have worked together before.

Rev. Hale's sermon Monday night was about the healing of the lame man at the Gate Beautiful, when Peter and John found him, and Peter commanded him in the name of Jesus to rise and walk. He called attention to the faith of Peter and said his victory was according to his faith. He knew the name of Jesus was all-powerful, and He used it for God's glory. The church of God never will fill its place in the world if it does not save men and women from their sins. It should be the chief business of every member of the church to reach out a hand to save somebody. Peter took the lame man by the hand when he bid him rise. That is what the lost men need, the helping hand of some one who really believes and trusts in God. And every man is lost who does not believe in God. Their condition is due to the negligence of those who profess to be Christians. The lame man wanted to be healed. It was the hope, the greatest desire of his life to stand up and walk with other strong men. Every man wants to be strong and worth something in the world, no matter how careless he may seem, and he will respond to the call of God to turn away from a sinful life when it is put to him in the right way; when the name of Jesus is spoken to him by men who are alive Christians and full of the love of God.

The church of God is more than a social club. It is a life-saving station for lost men and women in whatever place of society they may be. The church must first be convicted of the lost condition of men out of Christ; have compassion for every one out of Christ; be consecrated and present their very bodies in the work of saving men; have confidence in God and go forward and speak the word of God as one having authority test, try and prove God, exercise faith in Him, and then go forth and touch those in need of what it has.

TREATMENT OF SEED OATS.

For Smut—What the Missouri Agricultural Experiment Station Says About It.

C. B. Hutchison of the Missouri agricultural experiment station writes as follows:

Loose smut of oats is a fungous disease of the oat plant which causes serious losses to this crop. This disease is very noticeable after the plants begin to head, the flowers of infected plants being almost completely replaced by a mass of fine, black, dusty spores.

Oat smut may be prevented by soaking or sprinkling the seed thoroughly with some solution which will kill the spores without injuring the seed. The most common solution used is formaline, and the treatment is made as follows:

Mix one pint of commercial formalin with 40 or 50 gallons of water in barrels or other convenient vessels. Immerse the oats in this solution, stirring well so that all will be thoroughly soaked. Pour off the solution, dump the oats out and stir occasionally until dry. Another method employed is to sprinkle the oats with the solution until they are well soaked, and then heap them up in a pile and cover with blankets or sacks. Leave them in this pile for five or six hours, or even over night, and then spread out to dry. Stir frequently until thoroughly dried, after which they may be sacked and set aside until seeding time. Formalin may be obtained from any drug store.

Machines for treating oats and wheat for smut are on the market. In these the grain is passed through a tank containing the formalin solution and then dumped out on the floor to dry. Such machines are not expensive and are very satisfactory.

Formalin is poisonous, but in this weak solution it will not injure the hands and is perfectly safe to handle. Since the formalin vitalizes rapidly, oats thus treated that are not needed for seeding may, after thorough drying and airing, be safely fed to stock.

Home From St. Louis.

DICK HOTCHKIN SELLS OUT.

Will Not Leave Maryville—Remains as Manager for His Big Successors From Iowa.

D. E. Hotchkin of the Variety store has sold out his business to the Graham-Latimer company of Ottumwa, Ia. The sale was made Monday, February 16, just four years to a day from the time Mr. Hotchkin opened his Variety store.

Messrs. Graham and Latimer have a chain of thirty-five stores in Iowa, with a few in Missouri. They came here three weeks ago with a view of opening a store, and wanted Mr. Hotchkin's location, but he would not give up his lease. The men from Iowa, seeing that Mr. Hotchkin had a good business, offered to buy him out and take him into their company, which he conluded to do, after a trip into Iowa, at the firm's head store in Ottumwa and several branch stores. He found the Iowa gentlemen held in high esteem everywhere he went, and that they are rated high in the business world, so he considers his move a good venture.

Mr. Hotchkin will be the manager of the Maryville store. The new company will take charge some time in March, as soon as the necessary work of incorporation has been accomplished.

Several improvements will be made in the interior of the store and a larger stock placed, some dry goods in the lot, and nothing will be kept on hand that is not inconstant demand. A pre-inventory sale will be commenced at once to get ready for the new stock.

Mr. Hotchkin is among our best young business men, alive to everything that is for the good of our town, and we are glad we are not going to lose him in the change that is being made, and welcome the gentlemen from Iowa, who have concluded to venture in business here.

THE GRIFFEY FUNERAL.

Services for Clearmont Boy Held in Christian Church at Clearmont—Burial in Hazel Dell.

Funeral services for Elmer Griffey, the 8-year-old son of Mr. and Mrs. Albert Griffey of Clearmont, who died Thursday evening in St. Francis hospital, were held Sunday afternoon in the Christian church at Clearmont by Rev. John W. Love, the pastor at Burlington Junction. Twice as many people came to the services as could gain entrance to the church. Burial took place in Hazel Dell cemetery at Clearmont.

When notice of the boy's death was given in Friday's paper a mistake was made as to the cause. The notice said that he had undergone an operation for adenoids at St. Francis hospital and that blood poisoning resulted. Elmer was operated on in St. Joseph for adenoids last October and was infected then. He continued sick and weak and was brought to Maryville for treatment and was taken to the hospital four days before his death. The cause of his death was acute laryngitis. His physician, Dr. F. R. Anthony, has operated on 375 cases of adenoids at St. Francis hospital and has lost none.

An Inch of Rainfall.

An inch of rainfall is equivalent to 603 barrels of forty-five gallons each to the acre. This amount of water weighs over 113 tons. Think of hauling it to the farms in wagons holding a ton each! That seemingly light air and clouds are capable of handling this enormous amount of water is one of the marvels of meteorology. One inch of rain is not such a heavy rainfall, either.—Farm and Fireside.

OVER 50 YEARS OLD

THE K. P. TO CELEBRATE FOUNDING OF LODGE.

STARTED HERE IN 1883

Exercises to Be Held Thursday at the Local Lodge Hall, Consisting of Music and Talks.

The Knights of Pythias lodge of Maryville will celebrate the golden anniversary of the founding of the order in this country on Thursday evening at their lodge hall, on the north side of the square. A public ceremony will be held, which will be followed by music, informal talks and a light luncheon.

It was just fifty years ago this week that the order was instituted, and it has come to be one of the strong lodges in the country.

In Maryville, the Knights of Pythias lodge was instituted on October 17, 1883, when the following charter members organized what is still known as Tancred lodge, No. 84: H. E. Robinson, J. L. Ritze, W. A. Daggett, J. M. Howendobler, Charles Lippman, J. C. Hayes, John T. Daniel, B. M. Radford, W. E. Hastings, G. W. Turner, E. A. Vinsonhaler, O. P. Torrance, C. A. Ellis, J. W. Airy, F. W. Fais, F. W. Cooper, J. W. Northcutt, Charles H. Thomas, S. B. Arnold, H. C. Guilbert, J. W. Schmidt, P. J. Leik, J. H. Hutchinson. At first they had their lodge room in the old Ancient Order of United Workmen hall, over Pearson's drug store, but when the Masons vacated the third story of the building in which the Maryville National bank was then situated, about 1891, the Knights of Pythias leased that room and this has been their home up to a few years ago, when they located over Andrews & Hempstead's grocery. The order here at the present time is in a flourishing condition.

Obituary.

A sad accident occurred last Thursday, February 5, while Mrs. N. F. Rutledge was on her way to care for Mrs. Dan Doyle. The team became unmanageable and she was thrown from the buggy and seriously injured. She was carried to the house, a physician was called and all assistance was given but she died in a few minutes.

Nancy C. Olinger was born November 9, 1845, and departed this life February 5, 1914, at the age of 68 years, 2 months and 26 days.

She was born in Tennessee, and at the age of 3 years moved with her parents to VanBuren, Ark. There her parents died and she moved to Iowa with her cousin, A. K. Drake, and family, in the year 1864. There she met N. F. Rutledge, and they were united in marriage April 15, 1866. To this union was born six children, two, David M. and John H., have preceded her to that better land. Those living are Charles W. of Algona, Ia.; Mrs. Anna Belcher of Maryville, Mo.; Everett H. of Vernon, Col., and Mrs. Maggie Atwood of Holdredge, Neb. With her husband she moved to Colorado, November 20, 1912. She united with the M. E. church in early life and has been a constant Christian worker. She was a kind and indulgent mother and a loving and dutiful wife. She was ever found at her post of duty, trying to smooth the trials of life and helping those in need. She is mourned by her husband and four children and a host of friends, who will ever miss her pleasant face, loving words and kind acts. The funeral services were held at the M. E. church at Vernon, Col., conducted by Rev. Conway. She was laid to rest in the Vernon cemetery. The following songs were sung by the M. E. choir: "Nearer, My God, to Thee," "Beautiful Isle of Somewhere," "Sweetly Resting," "If You Love Your Mother Meet Her in the Skies" and "God Be With You Till We Meet Again."

The pall bearers were Ralph Zion, Grant Whitmore, Henry Sturgeon, John Thomas, Eli Mace and Ervin Stevenson.

Now is the time to have your buggy or auto painted at Barmann's.

A pie social will be held at the Champion Hill school, two miles south of Parnell, on Friday evening, February 20. A good program will be given and all ladies are requested to bring a pie. MARTIN FARRELL, Teacher.

Words of Praise
For *Mayr's* Wonderful Stomach Remedy

"How thankful we are to you for getting a hold of your wonderful Remedy. My wife could not have had but a short time to live if she had not taken your Wonderful Remedy when she did. One more of those paroxysm pains she was having would have killed her without a doubt. Now she is free from all pain, free from heart trouble and free from that disturbing Neuralgia—all the results of five treatments—and the expulsion of five or six hundred Gall Stones. Now she is able to eat anything she wants and her appetite is good and before taking your medicine she had no appetite and when she ate anything she would suffer death for so doing and could not sleep at night; since taking your treatment she sleeps well all night long. T. A. NEALL, Roanoke, Texas."

The above letter should convince you more than anything we could say in behalf of **Mayr's Wonderful Stomach Remedy.** Sufferers should try one dose of this Remedy—one dose should convince them that they can be restored to health. GORE CALLS CHARGES AN "INFAMOUS LIE"

Oklahoma Senator Tells His Story to Jury.

Oklahoma City, Okla., Feb. 17.—Senator T. P. Gore declared on the witness stand that political opposition was responsible for the damage suit for $50,000 filed against him at Oklahoma City by Mrs. Minnie E. Bond, who alleges that the senator attacked her in a Washington hotel, and which he denounced as an "infamous lie."

"I knew that they had 'framed up' on me," Senator Gore told the jury. "I told Dr. Earp when he called at my office on the day following the occurrence that I would see them in hell before I would make terms with them. At no time, either in my office or in the hotel, did I ever offer Mrs. Bond any improprieties or attempt to take advantage of her."

Dr. J. H. Earp of Oklahoma City was a witness for the plaintiff.

SALAZAR IS PLACED IN CELL

Locked Up In Post Guardhouse at His Own Request.

CASTILLO HEARD FROM AGAIN

Mexican Bandit Reported on Palomas Ranch—Rumor Attempt Is to Be Made by American Financiers to Hire Huerta to Resign.

El Paso, Tex., Feb. 17.—Fearing his enemies, General Jose Salazar, the most carefully guarded of the Mexican prisoners interned at Fort Bliss, was locked up in the post guardhouse and assigned to a cell, at his own request.

Maximo Castillo, the bandit, charged with the Cumbre tunnel tragedy, was heard from again.

A message reading: "Castillo on our ranch," was received at Hachita, N. M., by Captain White of the Ninth United States cavalry, who transmitted it by army wireless to Fort Bliss. The message to Captain White was signed "McCormick," manager of Las Palomas ranch.

A special from Columbus, N. M., says that Mexican thieves, presumably belonging to Maximo Castillo's band, stole eighteen United States army horses.

Mexico City, Feb. 17.—It is reported that a prominent American is trying to arrange for the resignation of Provisional President Huerta on behalf of a group of financiers in the United States and in consideration of a payment of a considerable sum of money.

Huerta is said to have paid drafts on London and Paris amounting to 1,000,000 pesos for armament furnished to the federal government.

Eustaquio Angeles, a nephew of General Felipe Angeles, one of the generals who was prominent in the overthrow of the late President Madero and who is now with Venustiano Carranza, was arrested here, charged with furnishing information of the movements of federal troops to the rebels.

WILSON TO VETO BURNETT BILL

Literacy Test Again Blocks Immigration Legislation.

MEASURE LIKELY TO PASS

Proposed Law With Mooted Clause to Be Favorably Reported to Senate. President's Position Becomes Known After Conference With Committee.

Washington, Feb. 17.—It is learned from an authoritative source that President Wilson will veto the Burnett immigration bill if it comes to him for his signature with the so called literacy test contained in it.

This became known after Chairman Smith of the senate immigration committee had announced that the bill, virtually as it passed the house, including the literacy test, would be favorably reported to the senate soon. Prospects are that the bill will pass the senate as reported from the committee, but the measure never will become law, according to close friends of the president.

The president does not consider literacy a test of character, and believes some other means should be devised to prevent undesirable aliens from entering the United States. He told callers that he had given his view to the senate committee and had left it to them to make it public or not, as they chose.

The literacy test has twice proved the stumbling block of immigration legislation, once in President Taft's administration, and prior to that during the incumbency of President Cleveland. President Taft vetoed a bill on account of a literacy provision, and President Cleveland let a prior measure of the same character die at the end of the administration by failing to sign the bill.

It also became known that suggestions with reference to Chinese and Japanese immigration, made to the house committee on immigration last week by Commissioner General Caminetti of the immigration bureau, are not in accord with the views of the president. Mr. Caminetti's views were expressed without previous knowledge by the White House. The Burnett bill contains no Asiatic exclusion provision, the house having voted down all amendments in that direction.

ARMY BILL REPORTED

More Than Ten Million Dollars Sliced From the Estimates.

Washington, Feb. 17.—The army appropriation bill, aggregating $94,000,000 as reported, is $10,733,585 under the estimates and $27,000 below the current army appropriation. The signal service gets $500,000, including a maximum of $230,000 for airships.

The bill, which will be taken up after the Indian bill, appropriates $750,000 for manufacture of small arms and machine gun ammunition for practice at educational institutions, $1,750,000 for manufacturing reserve ammunition and field artillery material for the militia, $10,064,645 for transportation of the army and supplies, $2,123,997 for barracks and quarters generally, $500,000 for horses and the usual large amounts for subsistence.

It also provides that hereafter officers or enlisted men absent from duty because of drunkenness or other misconduct shall not receive pay for the time of absence.

GIVES AID IN CHOLERA FIGHT

House of Representatives Passes Bill for Half Million.

Washington, Feb. 17.—The emergency appropriation measure providing $500,000 to combat hog cholera and other animal diseases, and also $100,000 for extermination of dourine in horses, was called up for consideration under suspension of the rules and passed. The appropriation for the extermination of dourine is a house addition to the bill as it came from the senate, and the bill as passed will be returned to the senate for concurrance in this amendment.

Kinkaid Given Hazing by House.

Washington, Feb. 17.—Representative Moses P. Kinkaid of Nebraska was hazed in the house when he called up his bill to provide that the marriage of a homestead entryman to a homestead entrywoman shall not impair the right of either to a patent. The bill was passed, but not until after Mr. Kinkaid had run the gauntlet of chafing from his colleagues, who insisted on knowing whether he had matrimonial intentions. He is a bachelor.

Washington, Feb. 17.—June 15 is the date Democratic leaders hope to adjourn congress. President Wilson believes the senate and house may work at the same time on the trust bills. BOND ISSUE SOLD

TO FARMERS TRUST CO. FOR CHICAGO COMPANY.

GOOD PRICE RECEIVED

To Bear 5 Per Cent, $50,000 Par Value Plus $61—Many Other Bidders—Work to Start in April.

The $50,000 good road bond issue of Polk township was sold late yesterday afternoon by the county court to the Farmers' Trust company of this city, who was bidding for the Central Trust company of Chicago, Ill. The bonds are to bear 5 per cent interest and the company is to pay $50,000 par value plus $61 premium and accrued interest on the bonds from the date of issue, March 1, 1914, to date of delivery, one-half of said issue to be delivered and paid for on March 1, 1914, and the balance, or remaining $25,000, to be delivered and paid for on July 1, 1914. The bid was accepted, subject to the right of the Trust company to reject the bonds in case that the attorney selected by them should, upon examination, find and report that the issue was for any reason not legal and therefore void. The certified check of the successful bidder for $5,000 will be held until such time as full payment for the bonds has been received.

There were many other bidders, as follows:

W. R. Compton Co., St. Louis, bid was 5½ per cent interest per annum, payable semi-annually and to pay the par value of $50,000, together with a premium of $137.50 and accrued interest of bonds. Their second proposition was at the rate of 6 per cent per annum and $50,000 par value, $925 premium and accrued interest.

Commerce Trust company of Kansas City agreed to take the issue at the rate of 5 per cent and pay therefor $50,000 par value less commission, $990, and also accrued interest. Second proposition was to take the issue at 5½ per cent interest and pay therefor $50,000 par value and $125 premium with accrued interest. Their third proposition was for 6 per cent interest and to pay par value of $50,000 with $815 premium and accrued interest, with the additional condition that all of the issue be delivered on March 1.

The Fidelity Trust company of St. Louis agreed to take the issue at the rate of 5 per cent per annum and pay therefor $50,000 par value, less commission of $750.50, plus accrued interest. Second proposition was for 5½ per cent and to pay therefor $50,000 par value and accrued interest. Third proposition was 6 per cent interest and pay therefor $50,000 par value plus $700, premium and accrued interest.

H. C. Speer & Sons company, Chicago, agreed to take the issue at 5 per cent and pay therefor $50,000 par value less $950 commission, plus accrued interest. Second proposition was at the rate of 5½ per cent and $50,000 par value with accrued interest. Third proposition was at the rate of 6 per cent and to pay therefor $50,000 par value plus $505 premium and accrued interest.

The Security Savings Bank and Trust company, Toledo, O., agreed to take the issue at 6 per cent and to pay therefor $50,000 par value plus $305 premium and accrued interest on bonds.

Mercantile Trust company, St. Louis, agreed to take the issue at 5 per cent interest and pay therefor $50,000 par value and accrued interest.

The Farmers Trust company for the Central Trust company, agreed to take the issue at the rate of 5 per cent and pay therefor $50,000 par value plus $61 premium and accrued interest. Second proposition was at the rate of 5 per cent and pay therefor $50,000 par value and $311 premium and accrued interest, with the additional condition that none of said bonds be optional payment bonds.

The court, after meeting in executive session, voted to accept the bid of W. R. Compton company of St. Louis. The representative of the company was called in and there arose some difference between the representative and the court as to the meaning of the terms of his bid, and the representative finally refused to enter into a contract for the purchase of the bonds at the terms of his bid as construed by the court. The court then by unanimous vote rescinded their former action and gave the issue to the Farmers Trust company of Maryville, bidding for the Central Trust company of Chicago.

It was also ordered by the court that on the delivery of the bonds and payment therefor the money derived from the sale be turned over to the trustee of Polk township and be disbursed by him only upon the order of the county court, as by law provided. Before the money is turned over to the trustee he shall deposit with the court a good and sufficient bond in the sum of $100,000.

The road work in Polk township will commence about April 1. A survey and inspection trip has been made of the township and a blue print made of the roads and bridges and their condition.

New Regulations to Cover Money Order Law.

The signing of the bill by President Wilson made effective the new law regulating the payment of money orders February 7. Just how soon the change in the regulation will be made operative is yet to be determined.

The operation of the new statute will not take place until the rules and regulations for its operation are promulgated by the postmaster general. This probably will require several months. Immediately following the signing of the bill, Postmaster General Burleson appointed a committee of postal officials to prepare rules and regulations to carry the law into effect.

The bill provides for the issuance of postal money orders payable at any money order office, even though drawn on a specified office, and will, according to the postmaster general, greatly increase the volume of postal money order business and prove a great help to the business public, giving as it does to the postal money order the virtues and conveniences of a bank draft.

Figures made public by the postmaster general show that in the last fiscal year nearly 91,000,000 domestic money orders were issued, amounting to almost $625,000,000. The net income of money orders issued was more than $5,000,000.

STATE COMMERCIAL CLUBS.

All Commercial Clubs Are Asked to Make February 24 "Commercial Club Night."

The executive committee of the Missouri Federation of Commercial clubs, composed of Wm. Hirth of Columbia, A. M. Lindsey of Clinton and A. W. Douglass of St. Louis, in session in Columbia last week, named Tuesday and Wednesday, March 10 and 11, as the dates of the annual state convention of the commercial clubs of the state, the meeting to be held in Jefferson City. At a recent meeting of the executive committee in St. Louis it was decided to name Tuesday, February 24, as "Commercial Club Night" throughout Missouri. The executive committee asks that every town in Missouri which has a commercial club at once to call the members together and begin planning for the occasion at once. Those towns which have no commercial organizations are urged to get together and organize one at once.

The commercial clubs of the state at the meeting on February 24 are urged to appoint representatives to attend the annual meeting of the federation of commercial clubs at Jefferson City on the dates above mentioned. The federation is planning big things for Missouri and no town with progressive ideas can afford not to send representatives—the more the better. The complete plans of the state convention have been mapped out and will be sent to all the commercial organizations in the state.

The Knights of Pythias will celebrate their golden jubilee—the fiftieth anniversary of the founding of the order—on Thursday evening, Feb. 19. All K. P's and their ladies are urgently requested to attend.

Mrs. W. S. Rowlett of Graham is the guest of Mrs. G. B. Holmes and Mrs. J. F. Montgomery a few days.

John Stark of East First street has been confined to the house for two or three weeks with the grip, but is some better.

REVIVAL SERVICES

NOW BEING HELD AT THE FIRST BAPTIST CHURCH.

PREACHING BY DR. HALE

Of Hannibal, Brother of the Pastor—The Singing is in Charge of Rev. J. O. Henry of Trenton.

The revival services at the First Baptist church Monday night were remarkably well attended for a Monday night meeting. The auditorium was two-thirds full and the sermon and song service of last night insures a much larger audience for Tuesday night.

Rev. George L. Hale of Hannibal, brother of the pastor, Rev. Louis Hale, bears no resemblance to his brother, but as neither one suffers because of the difference in personal appearance, and as both are fine preachers they are entirely satisfactory. Rev. Hale from Hannibal has kindness and tenderness in his voice and manner, that engages attention at once, and he speaks with authority as a minister and there is no getting around the truth he presents from God's word.

The song service began at 7:30 o'clock and was led by Rev. J. O. Henry, pastor of the First Baptist church of Trenton, Mo. Rev. Henry is doubly equipped as a minister. He is an exceptional singer and choir leader. His voice is immensely big, round and deep and musical in tone, and there seems no limit to the power, range and compass of it. His leadership is inspiring, and if you never sang in your life, you will make an effort to sing if you go to the meetings. One thought of him as equal to directing grand opera singing and other great music Monday night as he directed this important part of the service. This may sound exaggerated. It is not. Go and hear for yourself.

The three ministers engaged in this meeting are old friends and have worked together before.

Rev. Hale's sermon Monday night was about the healing of the lame man at the Gate Beautiful, when Peter and John found him, and Peter commanded him in the name of Jesus to rise and walk. He called attention to the faith of Peter and said his victory was according to his faith. He knew the name of Jesus was all-powerful, and He used it for God's glory. The church of God never will fill its place in the world if it does not save men and women from their sins. It should be the chief business of every member of the church to reach out a hand to save somebody. Peter took the lame man by the hand when he bid him rise. That is what the lost men need, the helping hand of some one who really believes and trusts in God. And every man is lost who does not believe in God. Their condition is due to the negligence of those who profess to be Christians. The lame man wanted to be healed. It was the hope, the greatest desire of his life to stand up and walk with other strong men. Every man wants to be strong and worth something in the world, no matter how careless he may seem, and he will respond to the call of God to turn away from a sinful life when it is put to him in the right way; when the name of Jesus is spoken to him by men who are alive Christians and full of the love of God.

The church of God is more than a social club. It is a life-saving station for lost men and women in whatever place of society they may be. The church must first be convicted of the lost condition of men out of Christ; be consecrated and present their very bodies in the work of saving men; have confidence in God and go forward and speak the word of God as one having authority test, try and prove God, exercise faith in Him, and then go forth and touch those in need of what it has.

Visiting Their Daughter.

Mr. and Mrs. A. R. McMichael of Coin, Ia., arrived in Maryville Monday on a visit to their daughter, Mrs. John Shaw, and family, 310 West First street. Mr. Shaw is in the employ of the Alderman-Yehle dry goods store.

The report includes the amount of salary each vital statistics officer is to receive. There is one officer for each township in the county, and he is to send a report of the deaths and births in that township every month to the bureau of vital statistics in Jefferson City. His salary is 25 cents for each death and birth.

The other officers and the number of deaths and births reported by them for the past year is as follows:

Dr. J. A. Larrabee, 16 deaths, 37 births.

TREATMENT OF SEED OATS.

For Smut—What the Missouri Agricultural Experiment Station Says About It.

C. B. Hutchison of the Missouri agricultural experiment station writes as follows:

Loose smut of oats is a fungous disease of the oat plant which causes serious losses to this crop. This disease is very noticeable after the plants begin to head, the flowers of infected plants being almost completely replaced by a mass of fine, black, dusty spores.

Oat smut may be prevented by soaking or sprinkling the seed thoroughly with some solution which will kill the spores without injuring the seed. The most common solution used is formaline, and the treatment is made as follows:

Mix one pint of commercial formalin with 40 or 50 gallons of water in barrels or other convenient vessels. Immerse the oats in this solution, stirring well so that all will be thoroughly soaked. Pour off the solution, dump the oats out and stir occasionally until dry. Another method employed is to sprinkle the oats with the solution until they are well soaked, and then heap them up in a pile and cover with blankets or sacks. Leave them in this pile for five or six hours, or even over night, and then spread out to dry. Stir frequently until thoroughly dried, after which they may be sacked and set aside until seeding time. Formalin may be obtained from any drug store.

Machines for treating oats and wheat for smut are on the market. In these the grain is passed through a tank containing the formalin solution and then dumped out on the floor to dry. Such machines are not expensive and are very satisfactory.

Formalin is poisonous, but in this weak solution it will not injure the hands and is perfectly safe to handle. Since the formalin vitalizes rapidly, oats thus treated that are not needed for seeding may, after thorough drying and airing, be safely fed to stock.

Home From St. Louis.

Miss Elizabeth Ashford has returned from a week's business trip to St. Joseph and St. Louis in the interest of her millinery business here. She was accompanied to St. Louis by Miss Margaret Lee Winston of St. Joseph, who will be her head trimmer the coming season.

DICK HOTCHKIN SELLS OUT.

Will Not Leave Maryville—Remains as Manager for His Big Successors From Iowa.

D. E. Hotchkin of the Variety store has sold out his business to the Graham-Latimer company of Ottumwa, Ia. The sale was made Monday, February 16, just four years to a day from the time Mr. Hotchkin opened his Variety store.

Messrs. Graham and Latimer have a chain of thirty-five stores in Iowa, with a few in Missouri. They came here three weeks ago with a view of opening a store, and wanted Mr. Hotchkin's location, but he would not give up his lease. The men from Iowa, seeing that Mr. Hotchkin had a good business, offered to buy him out and take him into their company, which he conluded to do, after a trip into Iowa, at the firm's head store in Ottumwa and several branch stores. He found the Iowa gentlemen held in high esteem everywhere he went, and that they are rated high in the business world, so he considers his move a good venture.

Mr. Hotchkin will be the manager of the Maryville store. The new company will take charge some time in March, as soon as the necessary work of incorporation has been accomplished.

Several improvements will be made in the interior of the store and a larger stock placed, some dry goods in the lot, and nothing will be kept on hand that is not inconstant demand. A pre-inventory sale will be commenced at once to get ready for the new stock.

Mr. Hotchkin is among our best young business men, alive to everything that is for the good of our town, and we are glad we are not going to lose him in the change that is being made, and welcome the gentlemen from Iowa, who have concluded to venture in business here.

THE GRIFFEY FUNERAL.

Services for Clearmont Boy Held in Christian Church at Clearmont—Burial in Hazel Dell.

Funeral services for Elmer Griffey, the 8-year-old son of Mr. and Mrs. Albert Griffey of Clearmont, who died Thursday evening in St. Francis hospital, were held Sunday afternoon in the Christian church at Clearmont by Rev. John W. Love, the pastor at Burlington Junction. Twice as many people came to the services as could gain entrance to the church. Burial took place in Hazel Dell cemetery at Clearmont.

When notice of the boy's death was given in Friday's paper a mistake was made as to the cause. The notice said that he had undergone an operation for adenoids at St. Francis hospital and that blood poisoning resulted. Elmer was operated on in St. Joseph for adenoids last October and was infected then. He continued sick and weak and was brought to Maryville for treatment and was taken to the hospital four days before his death. The cause of his death was acute laryngitis. His physician, Dr. F. R. Anthony, has operated on 375 cases of adenoids at St. Francis hospital and has lost none.

An Inch of Rainfall.

An inch of rainfall is equivalent to 603 barrels of forty-five gallons each to the acre. This amount of water weighs over 113 tons. Think of hauling it to the farms in wagons holding a ton each! That seemingly light air and clouds are capable of handling this enormous amount of water is one of the marvels of meteorology. One inch of rain is not such a heavy rainfall, either.—Farm and Fireside.

OVER 50 YEARS OLD

THE K. P. TO CELEBRATE FOUNDING OF LODGE.

STARTED HERE IN 1883

Exercises to Be Held Thursday at the Local Lodge Hall, Consisting of Music and Talks.

The Knights of Pythias lodge of Maryville will celebrate the golden anniversary of the founding of the order in this country on Thursday evening at their lodge hall, on the north side of the square. A public ceremony will be held, which will be followed by music, informal talks and a light luncheon.

It was just fifty years ago this week that the order was instituted, and it has come to be one of the strong lodges in the country.

In Maryville, the Knights of Pythias lodge was instituted on October 17, 1883, when the following charter members organized what is still known as Tancred lodge, No. 84: H. E. Robinson, J. L. Ritze, W. A. Daggett, J. M. Howendobler, Charles Lippman, J. C. Hayes, John T. Daniel, B. M. Radford, W. E. Hastings, G. W. Turner, E. A. Vinsonhaler, O. P. Torrance, C. A. Ellis, J. W. Airy, F. W. Fais, F. W. Cooper, J. W. Northcutt, Charles H. Thomas, S. B. Arnold, H. C. Guilbert, J. W. Schmidt, P. J. Leik, J. H. Hutchinson. At first they had their lodge room in the old Ancient Order of United Workmen hall, over Pearson's drug store, but when the Masons vacated the third story of the building in which the Maryville National bank was then situated, about 1891, the Knights of Pythias leased that room and this has been their home up to a few years ago, when they located over Andrews & Hempstead's grocery. The order here at the present time is in a flourishing condition.

Flattery among friends is a case of either make or break.

Many a man has one wife too many who has only been married once.

Many a man's wasted energy is restricted entirely to praising himself.

The fellow who pats himself on the back is quite satisfied to stand pat.

Instead of taking time by the forelock some people are satisfied to hang onto his coat tails.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Obituary.

A sad accident occurred last Thursday, February 5, while Mrs. N. F. Rutledge was on her way to care for Mrs. Dan Doyle. The team became unmanageable and she was thrown from the buggy and seriously injured. She was carried to the house, a physician was called and all assistance was given but she died in a few minutes.

Nancy C. Olinger was born November 9, 1845, and departed this life February 5, 1914, at the age of 68 years, 2 months and 26 days.

She was born in Tennessee, and at the age of 3 years moved with her parents to VanBuren, Ark. There her parents died and she moved to Iowa with her cousin, A. K. Drake, and family, in the year 1864. There she met N. F. Rutledge, and they were united in marriage April 15, 1866. To this union was born six children, two, David M. and John H., have preceded her to that better land. Those living are Charles W. of Algona, Ia.; Mrs. Anna Belcher of Maryville, Mo.; Everett H. of Vernon, Col., and Mrs. Maggie Atwood of Holdredge, Neb. With her husband she moved to Colorado, November 20, 1912. She united with the M. E. church in early life and has been a constant Christian worker. She was a kind and indulgent mother and a loving and dutiful wife. She was ever found at her post of duty, trying to smooth the trials of life and helping those in need. She is mourned by her husband and four children and a host of friends, who will ever miss her pleasant face, loving words and kind acts. The funeral services were held at the M. E. church at Vernon, Col., conducted by Rev. Conway. She was laid to rest in the Vernon cemetery. The following songs were sung by the M. E. choir: "Nearer, My God, to Thee," "Beautiful Isle of Somewhere," "Sweetly Resting," "If You Love Your Mother Meet Her in the Skies" and "God Be With You Till We Meet Again."

The pall bearers were Ralph Zion, Grant Whitmore, Henry Sturgeon, John Thomas, Eli Mace and Ervin Stevenson.

Now is the time to have your buggy or auto painted at Barmann's.

A pie social will be held at the Champion Hill school, two miles south of Parnell, on Friday evening, February 20. A good program will be given and all ladies are requested to bring a pie. MARTIN FARRELL, Teacher.

Words of Praise

For *Mayr's* Wonderful Stomach Remedy

"How thankful we are to you for getting a hold of your wonderful Remedy. My wife could not have had but a short time to live if she had not taken your Wonderful Remedy when she did. One more of those paroxysm pains she was having would have killed her without a doubt. Now she is free from all pain, free from heart trouble and free from that disturbing Neuralgia—all the results of five treatments—and the expulsion of five or six hundred Gall Stones. Now she is able to eat anything she wants and her appetite is good and before taking your medicine she had no appetite and when she ate anything she would suffer death for so doing and could not sleep at night; since taking your treatment she sleeps well all night long. T. A. NEALL, Roanoke, Texas."

The above letter should convince you more than anything we could say in behalf of **Mayr's Wonderful Stomach Remedy.** Sufferers should try one dose of this Remedy—one dose should convince them that they can be restored to health. Nearly all Stomach Ailments are caused by the clogging of the intestinal tract with mucoid and catarrhal accretions allowing poisonous fluids into the Stomach and otherwise deranging the digestive system. **Mayr's Wonderful Stomach Remedy** painlessly removes these accretions without a surgical operation and puts an end to Colic Attacks, Gases in the Stomach and Intestines and all of the usual symptoms of Stomach, Liver and Intestinal Ailments. Ask your druggist about **Mayr's Wonderful Stomach Remedy** or send to Geo. H. Mayr, Mfg. Chemist, 154 Whiting St., Chicago, Ill., for free booklet on Stomach Ailments and many grateful letters from people who have been restored.

Gore declared on the witness stand that political opposition was responsible for the damage suit for $50,000 filed against him at Oklahoma City by Mrs. Minnie E. Bond, who alleges that the senator attacked her in a Washington hotel, and which he denounced as an "infamous lie."

"I knew that they had 'framed up' on me," Senator Gore told the jury. "I told Dr. Earp when he called at my office on the day following the occurrence that I would see them in hell before I would make terms with them. At no time, either in my office or in the hotel, did I ever offer Mrs. Bond any improprieties or attempt to take advantage of her."

CASTILLO HEARD FROM AGAIN

Mexican Bandit Reported on Palomas Ranch—Rumor Attempt Is to Be Made by American Financiers to Hire Huerta to Resign.

El Paso, Tex., Feb. 17.—Fearing his enemies, General Jose Salazar, the most carefully guarded of the Mexican prisoners interned at Fort Bliss, was locked up in the post guardhouse and assigned to a cell, at his own request.

Maximo Castillo, the bandit, charged with the Cumbre tunnel tragedy, was heard from again.

A message reading: "Castillo on our ranch," was received at Hachita, N. M., by Captain White of the Ninth United States cavalry, who transmitted it by army wireless to Fort Bliss. The message to Captain White was signed "McCormick," manager of Las Palomas ranch.

A special from Columbus, N. M., says that Mexican thieves, presumably belonging to Maximo Castillo's band, stole eighteen United States army horses.

Mexico City, Feb. 17.—It is reported that a prominent American is trying to arrange for the resignation of Provisional President Huerta on behalf of a group of financiers in the United States and in consideration of a payment of a considerable sum of money.

Huerta is said to have paid drafts on London and Paris amounting to 1,000,000 pesos for armament furnished to the federal government.

Eustaquio Angeles, a nephew of General Felipe Angeles, one of the generals who was prominent in the overthrow of the late President Madero and who is now with Venustiano Carranza, was arrested here, charged with furnishing information of the movements of federal troops to the rebels.

WILSON TO VETO BURNETT BILL

Literacy Test Again Blocks Immigration Legislation.

MEASURE LIKELY TO PASS

Proposed Law With Mooted Clause to Be Favorably Reported to Senate. President's Position Becomes Known After Conference With Committee.

Washington, Feb. 17.—It is learned from an authoritative source that President Wilson will veto the Burnett immigration bill if it comes to him for his signature with the so called literacy test contained in it.

This became known after Chairman Smith of the senate immigration committee had announced that the bill, virtually as it passed the house, including the literacy test, would be favorably reported to the senate soon. Prospects are that the bill will pass the senate as reported from the committee, but the measure never will become law, according to close friends of the president.

The president does not consider literacy a test of character, and believes some other means should be devised to prevent undesirable aliens from entering the United States. He told callers that he had given his view to the senate committee and had left it to them to make it public or not, as they chose.

The literacy test has twice proved the stumbling block of immigration legislation, once in President Taft's administration, and prior to that during the incumbency of President Cleveland. President Taft vetoed a bill on account of a literacy provision, and President Cleveland let a prior measure of the same character die at the end of the administration by failing to sign the bill.

It also became known that suggestions with reference to Chinese and Japanese immigration, made to the house committee on immigration last week by Commissioner General Caminetti of the immigration bureau, are not in accord with the views of the president. Mr. Caminetti's views were expressed without previous knowledge by the White House. The Burnett bill contains no Asiatic exclusion provision, the house having voted down all amendments in that direction.

ARMY BILL REPORTED

More Than Ten Million Dollars Sliced From the Estimates.

Washington, Feb. 17.—The army appropriation bill, aggregating $94,000,000 as reported, is $10,733,585 under the estimates and $27,000 below the current army appropriation. The signal service gets $500,000, including a maximum of $230,000 for airships.

The bill, which will be taken up after the Indian bill, appropriates $750,000 for manufacture of small arms and machine gun ammunition for practice at educational institutions, $1,750,000 for manufacturing reserve ammunition and field artillery material for the militia, $10,064,645 for transportation of the army and supplies, $2,123,997 for barracks and quarters generally, $500,000 for horses and the usual large amounts for subsistence.

It also provides that hereafter officers or enlisted men absent from duty because of drunkenness or other misconduct shall not receive pay for the time of absence.

GIVES AID IN CHOLERA FIGHT

House of Representatives Passes Bill for Half Million.

Washington, Feb. 17.—The emergency appropriation measure providing $500,000 to combat hog cholera and other animal diseases, and also $100,000 for extermination of dourine in horses, was called up for consideration under suspension of the rules and passed. The appropriation for the extermination of dourine is a house addition to the bill as it came from the senate, and the bill as passed will be returned to the senate for concurrance in this amendment.

Kinkaid Given Hazing by House.

Washington, Feb. 17.—Representative Moses P. Kinkaid of Nebraska was hazed in the house when he called up his bill to provide that the marriage of a homestead entryman to a homestead entrywoman shall not impair the right of either to a patent. The bill was passed, but not until after Mr. Kinkaid had run the gauntlet of chafing from his colleagues, who insisted on knowing whether he had matrimonial intentions. He is a bachelor.

Expect to Adjourn Congress June 15.

Washington, Feb. 17.—June 15 is the date Democratic leaders hope to adjourn congress. President Wilson believes the senate and house may work at the same time on the trust bills. He told callers that business men were now showing a greater interest in the new legislation and that in many cases it was a very helpful interest.

"Gunmen" Sentenced to Prison.

Houghton, Mich., Feb. 17.—The four defendants in the Seeberville murder case convicted of manslaughter for the killing of Steve Putrich, a striking copper miner, were sentenced to indeterminate terms in Marquette prison
